Leadership Development	Regions	National	<p>Regions help regions by sharing resources, information and best practices.</p>

Local Church Support

The Fellowship of Evangelical Baptist Churches in Canada is a movement of more than 500 local churches committed to common values and mission and connected by a Statement of Faith and Bylaws. Membership as a Fellowship Baptist Church is always a dual membership with both a Fellowship Region and Fellowship National.

Five Fellowship Regions and the Fellowship National exist to support the mission effectiveness of Fellowship Baptist churches. Regions primarily serve local churches in areas of church health, church leadership and church planting, while National primarily serves local churches in areas of International, Francophone, Support Services and Chaplaincy ministries.

All working interdependently to help every Fellowship church become all God wants His church to be.
